## SCHOOLS MAKE EXCELLENT REPORT FOR 4th MONTH.

### INDIAN CREEK.

Our fourth month has just closed with an upward trend in attendance. A typhoid epidemic and an abundant pea crop are problems of the past and it is hoped that the closing months will be the most productive part of the school. The fourth month closed with daily attendance of 32.7. For good attendance, as well as high class work the following pupils deserve credit.

1st grade, Lola Mai Ray, Hazel Wolf.

2nd grade, Edna Forkum.

3rd grade, Pat West.

5th grade, Wilma Long.

7th grade, Silas Huffines.

8th grade, Kate McGurie.

### HAYDENBURG.

The fourth month of our work has just closed, for which we feel justly proud. The work has been good and the discipline fine. The attendance has been exceptionally good, considering the lateness of the term and the busy part of the season.

We wish again to extend our thanks to the patrons for their hearty co-operation.

The following is the honor roll, based on deportment and work done.

1st grade, Ruth West, Rosa Poteet, Verda Wilson.

2nd grade, Bessie Wilson, Woodrow Stone, Mitchell Burton.

### BEECH GROVE.

## Gunman Busy At Yuby Dam.

Yuby Dam U. S. A.

The Rev. Sammy Toy was shot, in a running fight here this morning, between Bad Billy Hell and his gunmen of Fiddler's Green and the Gad boys of Gad town. The Rev. Sammy Toy was shot down by a stray bullet, as we was crossing Heathen street on his way to church.

The bullet struck his "Adam's apple" and was deflected from its course, going either upward into his upper vitals, or downward into his lower vitals, or probably it might have come out at his mouth, as there were two of his teeth knocked loose.

The doctor said that a bullet traveling the course this one was, would come out at the mouth about once every thousand years, but it hadn't been but six hundred years since one did that, and, so he doubted very much that it come out at his mouth, but if it did there was some hope of his recovery.

They have been probing since yesterday morning for the bullet, but have not yet located it.

Toy came here on invitation to fill the pulpit in Little Jimmy Crow's place, who has gone to Washington to the "Armerment Conference." The Rev. Sammy Toy, being a very old and weak man, I was assisting him to church. I was just in front of him, when he was shot. I was carrying his spectacles, walking-stick and Bible for him.

This sad occurrence is very much embarrassing to me.

I must look after law and order here. This place is swarming full of wild-catters, boot-leggers and wine-bibers.

There is scarcely a man that walks these streets that can see "one."

The embarrassed Slicker Snake.

I must have more jail room in Yuby Dam.

deeply interested in them, from the fact they are all home folks and neighbors. I also appreciate the interest the parents are taking in sending them, for when the children can't get to the school house for water and bad weather their parents bring them. Regular attendance is what it takes to make the grades.

Following is the honor roll for past month:

1st grade, Geraldine Hackett, Georgie McCue, Wicker Huffines, Estelle Huffines, Raymon Huffines, Johnnie Jenkins.

2nd grade, Ridley Draper, Curley Huffines, Raymon Donoho, Cozy Huffines, Tom B. Draper.

3rd grade, Daffo Denson, Pearly Huffines.

4th grade, Herman Carver, Demoville Draper, Verner Draper, Hesbo Jenkins, Rex Jenkins, Wilbur Richardson.

5th grade, Cooper Richardson.

6th grade, Ezra Sloan, Stella Draper, Georgie Jenkins.

8th grade, Jonas Jenkins, Edna McCue, Kate Draper.

This was taken from an oral test Friday. You parents, who have not sent your children since the busy time is over, are urged to send them, as irregular attendance is the great hinderance to the progress of your child.

Jennie McCue, Teacher.

The city boy never feels that he is making his mark in the world when he is digging in the garden.

## Not a Thing But a Service

### -The Home Town Paper

SOME folks make the mistake of thinking of the home town newspaper as a thing, a contrivance of ink and paper, sometimes not a great quantity of either, when compared with big city papers. But the home town newspaper is not a thing, it is a service, just the same as is the telephone. And just as the \$12 or \$15 a year which we pay for the telephone service seems not too much, so is the \$2 or \$3, which at most is charged for the home town paper, trifling, compared with the real service which the paper, itself an institution, renders to all the other institutions of the community.

## Cotton In Lone Star State Brings Good Price.

Vernon, Texas. Nov. 5, 1921.

Jackson County Sentinel:

Find enclosed check for \$1.50, for which please add my name to your list, as I miss the paper very much.

We are sure having some fine fall weather to pick cotton and everybody is using it too. People say it is an exceptional year in every way, that is, good crops, making 1 to a bale to the acre and bringing 18 and 20 cents per pound. There is an overplus of pickers, so that makes picking \$1.00. But in east of here and south, the boll weevil has eaten the cotton up and they are putting their families in wagons and coming to this part by the thousands to pick cotton.

This pretty dry fall is hard on wheat farmers. Wheat that was sown early, is dying and lots of wheat is just laying in the ground, while lots of land has gotten too dry to brake. If it don't rain in a short time there will be no wheat crop, so that will cause a lot of cotton and feed to be planted next spring.

I suppose there were lots of people from there attended the reunion at Chattanooga. They were about 50 went from here. Among them were: Dr. Howard, E. C. Roberson and Frank Roberson. They called themselves fiddlers 3. They dressed up in gay cowboy suits, tuned their fiddles and started on their way. While en route through Tennessee they were on the same train that conveyed Gov. Taylor to the reunion, but did not know it. The Governor learned that the cowboy fiddlers were on the train and invited them to his coach and they joined his party and made the remained of the trip with him, and appeared at the opening with Governor on the stage. I know them personally, and saw Dr. Howard yesterday and he was telling of his trip.

So awaiting for the Sentinel I

## BUT IT CAN'T!

The editor of a national magazine said not long ago that if the big city newspaper could get as close to its readers as those of the country, it could have a three million circulation. "But," the editor added significantly, "it can't." That is why the country newspaper, which has had its doom sealed again and again, continues to go on—because of its intimate, personal appeal to its readers. Abe Martin says that except for a temporary chairman, there is nothing under the sun so hard to stop as a country weekly, and he is right. The country and small town see the value and need of their own little newspaper and so they will not see it die. "Subscribe for your home town paper week" has been set for November 7-12 to remind as forcibly as possible the folks of the home town—and the home town folks who are many miles away—of the big service which the home town paper renders.

## Moonshiners Getting Good.

Since Bud Lynch became a revenooer

It looks mighty good, To see the moonshiners come out

And go to hauling wood.

Lynch is a man that is not so ill,

Turning over the boxes, And cutting down the stills.

He goes day and night, The beer he destroys, its an awful sight.

Some of the moonshiners, Are as quiet as a mouse.

They have come out of the woods And gone to the house.

Moonshiners! Lynch is going night and day, You had better pull in your zinc tubs,

And hide them away.

J. R. W.

The something that you get for nothing is hardly ever worth much.
